### SELF-CLEANING FILTER - NANOFILTRO

Model	FLOW RATE	CENA NETTO PLN
NANOFILTRO/e 1/2"	20 lit./ min.	170,0
<b>NANOFILTRO/e 3/4" – 1" NEW 2014</b>	25 lit./ min.	170,0

### SELF-CLEANING FILTER – NANOHOT – for hot water 90 °C

Model	FLOW RATE	CENA NETTO PLN
NANOHOT/e 1/2"	20 lit./ min.	240,0
<b>NANOHOT/e 3/4" – 1" NEW 2014</b>	25 lit./ min.	250,0

*Suitable for filtration and mud removal into heating systems*

### SELF-CLEANING FILTER – ROTOS – with internal brush cleaning system

Model	FLOW RATE	CENA NETTO PLN
RTOS/e 3/4"	32 lit./ min.	480,0
RTOS/e 1"	52 lit./ min.	500,0

*Rotate the black knob to activate the internal additional cleaning of the filtering cartridge.*

**All the above self-cleaning filters are equipped with a ring to be screwed on the brass head for an easier opening and closing of the filter**

## PLASTIC FILTER HOUSINGS – FILTERING CARTRIDGES

	CODE	DESCRIPTION	CENA NETTO PLN
	251000	DIAMOND MINI 5" connection 1/2", 3 ways	40,0
	251001	DIAMOND MINI 5" connection 1/2", right angle	36,0
	251158	EASY 7" connection 1/2"	65,5

	251091	GEM ONYX 10" Active Carbon	33,3
	251098	GEM EMERALD 10" Polyphosphate Crystals	51,5
	251200	Opening Spanner for 5" filter Housing	7,5
	251203	Opening Spanner for 7"/10" filter Housing	10,0
	251329	Plastic Support for Wall Installation	7,5

## MECHANICAL DOSING PUMP

### SERIE SMART DOS

Mechanical hydrodynamic metering pumps for proportional dosage of Eurosil/Dos, **liquid anti-scale and corrosion inhibitor**, suitable for the treatment of drinking water in residential application.

	Connection	CENA NETTO PLN
SMART DOS/D/e <i>By-pass and connection rings, 1° refill included</i>	1/2" FF	290,0
SMART DOS/R/e <i>By-pass and connection rings, 1° refill included</i>	1/2" FF	260,0
EUROSIL 18/1 DOS/e <i>Anti-scale and Corrosion inhibitor</i> <i>More than 3 refill with 1 kg.</i>	1 kg. tank	53,0

## POLYPHOSPHATE DOSER – proportional dosage suitable for drinking water

Model	FLOW RATE	CENA NETTO PLN
D/BLU/R/e BIOS 1/2"	20 lit./min	170,0
<i>Equipped with by-pass and connector ring, n°1 phosphate charge included</i>		

Model	FLOW RATE	CENA NETTO PLN
D/BLU/S/e BIOS 1/2"	20 lit./min	160,0
<i>Equipped with connector ring, NO by-pass, n°1 phosphate charge included</i>		

DT

DX

Model	FLOW RATE	CENA NETTO PLN
DT/e BIOS 1/2"	20 lit./min	135,0
<i>Equipped with by-pass and connector ring, right angle connection n°1 phosphate charge included</i>		
DX/e BIOS 1/2"	20 lit./min	120,0
<i>Equipped with by-pass, in-line connection, n°1 phosphate charge included</i>		

### **DT and DX ARE THE MOST COMPACT PROPORTIONAL PHOSPHATE DOSERS AVAILABLE ON THE MARKET**

Model	CENA NETTO PLN
POLIFOSRAPID/e <i>Polyphosphate refill cartridge</i>	45,0 (5 pcs. Box)

***All the phosphate doser are characterized by the bios system, nano-silver treatment for bacteria inhibition***

## MAGNETIC ANTI-SCALE – ECOMAG SERIES

Model	FLOW RATE	CENA NETTO PLN
ECOMAG/e 1/2"	25 lit./min	45,0
ECOMAG/e 3/4"	46 lit./min	55,0
ECOMAG/e 1"		

Model	FLOW RATE	CENA NETTO PLN
ECOMAG/C/e 1/2"	25 lit./min	50,0
ECOMAG/C/e 3/4"	46 lit./min	55,0

Model	FLOW RATE	CENA NETTO PLN
ECOMAG/ WASH/e For Washing Machine	46 lit./min	55,0

## AUTOMATIC WATER SOFTENERS – SERIE MINI

Automatic Water Softeners Model MINI/V 4, **equipped with digital control valve for regeneration by volume + time.** Hardness mix valve included. **Extreme Compact Design 50 x 17 x h.34 cm**

Cabin Version	Resin Lit.	Flow Rate	CENA NETTO PLN
MINI/V 4/e	4,5	900 lit./h.	1970,0

## AUTOMATIC WATER SOFTENERS – METERED REGENERATION NEW 2014

### SERIE EKOSOFT/e

Automatic Water Softeners EKOSOFT/e series, **equipped with EUROACQUE digital control valve for regeneration by volume and proportional brine system.** Hardness mix valve included.

Cabin Version	Resin Lit.	Connection	CENA NETTO PLN
EKOSOFT/e M9	9	1"	2340,0
EKOSOFT/e M17	17	1"	2620,0
EKOSOFT/e M26	26	1"	2790,0
2 bodies Version	Resin Lit.	Connection	CENA NETTO PLN
EKOSOFT/e 17	17	1"	2340,0
EKOSOFT/e 26	26	1"	2520,0
EKOSOFT/e 35	35	1"	2670,0

## PORTABLE MANUAL WATER SOFTENER

Model	Resin Lit.	Connection	CENA NETTO PLN
TROLLEY 10/e	10	3/4"	1860,0

*The Unit has a manual multi-position control valve, fiberglass tank, filtering media (softening resin), Water-Meter, filter and filtering cartridges, connection kit, Portable Trolley.*

*Filter housing is characterized by its double use:*

1. *With Nylon cartridge for solid particles.*
2. *With Salt cartridge necessary to regenerate the resin.*

## ION EXCHANGE RESIN SANITIZER , READY TO USE, NEW 2014

### Model

RINOVA DEPUR/e	53,0
----------------	------

*Supplied in box containing 3 bags (140 gr. Each)*

**HOW TO USE: DISSOLVE 1 DOSE (140 GRAMS) INTO 1 LITER OF HOT WATER. POUR INTO THE BRINE DIRECTLY. START THE MANUAL REGENERATION.**

**PRECAUTIONARY MAINTENANCE: ADD 1/3 DOSE EACH 25 Kg. OF SALT ADDED INTO THE BRINE TANK.**

## UNDER-SINK DRINKING WATER FILTER

Model		CENA NETTO PLN
KIT RIVER/ARGENTO PRO/e	FILTER + LED FAUCET + INSTALLATION ACCESSORIES	940,0

Easy installation, without technical support. Replace the filtering cartridge when the LED light on the tap turns from blue to red (10.000 liters capacity). The filtering cartridge has a composite structure suitable for the treatment of drinking water according to the international regulations. It is disposable and manufactured with carbon block technology added with silver (exerting an anti bacteria action). The cartridge removes unpleasant odors and flavors, turbidity and chlorine. The nominal filtration is 0,5µ.

## DESCALER PUMP FOR HEATING SYSTEMS – NEW 2014

Model	TANK CAPACITY	MAX PRESSURE	CENA NETTO PLN
EUROMAX 20/e	20 lit.	1 Bar	1990,0

For heat exchangers, boilers

**Equipped with stainless steel handle, patented flow inverter for a better and faster action. Italian design, ergonomic shape, more reliability and less pressure drop thanks to the one piece body moulding**

## CHEMICALS

Model	TANK SIZE	CENA NETTO PLN
EURO 801/e <i>Scale remover suitable for copper and iron surface</i>	10 lit.	50,0
EUROPROTECT/e <i>Mud Remover for heating systems</i>	10 lit.	390,0
EUROCLEAR XS/ 2/e <i>Corrosion and scale inhibitor</i>	1 lit. 10 lt.	55,0 430,0
SUPERFLOP/e <i>Block Remover for sink, toilet, supplied with glove and funnel</i>	500 cc.	22,0
EURO SPLEND/e <i>Spray Limescale remover for taps and fittings, showers, etc.</i>	750 cc.	24,0
ARTICA/e <i>Concentrated ethylene Antifreeze to be diluted</i>	10 lit.	160,0
ARTICA SG/e <i>Concentrated propylene Antifreeze to be diluted</i>	10 lit.	210,0
